

# Spiritual

Learning about Christian worship and how people are welcomed into the Christian faith in our village.

Having the opportunity to be creative and express our feelings through art, music and dance. Here the children were making stars at Epiphany in Year 1 and dancing to Jewish music in Year 2 when learning about Jewish New Year! In Year 3 we learn the importance of not being prejudice towards others because of their faith or background; supported by our learning about Anne Frank and how she was treated because she was Jewish.

Considering what the existence of St. Andrews means to us personally; e.g. peace, somewhere to attend special services etc. Year 4 considered the importance of conservation if we want St, Andrews to remain. Learning that we have a responsibility to look after our villages and the world we live in.
