Dear Parents and Carers,

We have been closely following Government and Public Health England's advice regarding the coronavirus (COVID-19).

Currently, the guidance remains the same:

- Promote good hygiene – we have increased our supply of hand soap and tissues and our cleaners are being extra diligent and ensuring that door handles, surfaces and bathrooms are extra clean.

- People who have returned from Category 1 specified countries/areas in the last 14 days should self-isolate. This includes avoiding attending an education setting or work until 14 days after they return.

Category 1 - Wuhan city and Hubei Province (China): Iran: Daegu or Cheongdo (Republic of Korea): Italy.

- People who have returned from Category 2 specified countries/areas in the last 14 days, are advised to stay at home if they develop symptoms.

Category 2 – Cambodia: China: Hong Kong: Japan: Laos: Macau: Malaysia: Myanmar: Republic of Korea: Singapore: Taiwan: Thailand: Vietnam.

- Please inform the school if you are intending to travel outside of the country.
- All other pupils or students and staff should continue to attend school or university, including their siblings attending the same or a different school (unless advised not to by public health officials).

The Government has been clear that it currently does not plan to close schools. However, we have been undertaking preparations should this situation change and Public Health England instruct us to close. We will use ParentPay, Class Dojo and our school website to keep you and the children up to date with information and activities that can be completed, if children are well.

We appreciate that this may be a worrying time for some families, and we will inform you if and when we have further information.
