Appendix 1. List of statutory policies and procedures for the EYFS	

1. Aims

This policy aims to ensure:

- That children access a broad and balanced curriculum that gives them the broad range of knowledge and skills needed for good progress through school and life
- Quality and consistency in teaching and learning so that every child makes good progress and no child gets left behind
- A close working partnership between staff and parents and/or carers
- Every child is included and supported through equality of opportunity and anti-discriminatory practice

2. Legislation

This policy is based on requirements set out in the [statutory framework for the Early Years Foundation Stage \(EYFS\) that applies from September 2021](#).

This document also complies with our funding agreement and articles of association.

3. Structure of the EYFS

At Northborough Primary School our setting offers provision for Foundation Stage 2 for children starting school in the September after their 4th birthday. We have a single form entry provision with a class of 30 children being taught by a class teacher with the support of a full time teaching assistant. The children start school on a part time basis but most children will be full time within two weeks. Children with Special Educational Needs might continue on a part time basis if necessary.

4. Curriculum

Our early years setting follows the curriculum as outlined in the latest version of the EYFS statutory framework that applies from September 2021.

The EYFS framework includes 7 areas of learning and development that are equally important and inter-connected. However, 3 areas known as the prime areas are seen as particularly important for igniting curiosity and enthusiasm for learning, and for building children's capacity to learn, form relationships and thrive.

The prime areas are:

- Communication and language
- Physical development
- Personal, social and emotional development

The prime areas are strengthened and applied through 4 specific areas:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

4.1 Planning

Staff plan activities and experiences for children that enable children to develop and learn effectively. In order to do this, staff working with the youngest children are expected to focus strongly on the 3 prime areas.

Staff also take into account the individual needs, interests, and stage of development of each child in their care, and use this information to plan a challenging and enjoyable experience. Where a child may have a special educational need or disability, staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate.

In planning and guiding children's activities, staff reflect on the different ways that children learn and include these in their practice.

Planning offers plenty of opportunities for ***awe and wonder***. The classroom displays and imaginary play areas are dressed to encourage children to immerse themselves fully in the termly topic. Plans for Forest Schools are included throughout the school year. The outdoor classroom is used in tandem with the indoor provision.

4.2 Teaching

Each area of learning and development is implemented through planned, purposeful play, and through a mix of adult-led and child-initiated activities. Staff respond to each child's emerging needs and interests, guiding their development through warm, positive interaction.

As children grow older, and as their development allows, the balance gradually shifts towards more adult-led activities to help children prepare for more formal learning, ready for year 1.

Children have the opportunity to explore, learn and play through child initiated activities. They are encouraged to think independently and make decisions about the direction of their play. Adults guide some activities one to one, in small groups and as a whole class. Some tasks are adult directed but independently completed by children. These are called '*jobs*'.

5. Assessment

At Northborough Primary School, ongoing assessment is an integral part of the learning and development processes. Staff observe pupils to identify their level of achievement, interests and learning styles. These observations are used to shape future planning. Staff also take into account observations shared by parents and/or carers.

Within the first 6 weeks that a child **starts reception**, staff will administer the Reception Baseline Assessment (RBA).

At the **end of the EYFS**, staff complete the EYFS profile for each child. Pupils are assessed against the 17 early learning goals, indicating whether they are:

- Meeting expected levels of development
- Not yet reaching expected levels ('emerging')

The profile reflects ongoing observations, and discussions with parents and/or carers. The results of the profile are shared with parents and/or carers for their child. Tapestry, the on-line journal, is used to record observations in school and at home with parents and carers encouraged to post their own observations.

The profile is moderated internally (referring to the Development Matters [guidance](#)) and in partnership with other local schools, to ensure consistent assessment judgements. EYFS profile data is submitted to the local authority.

6. Working with parents

We recognise that children learn and develop well when there is a strong partnership between staff and parents and/or carers.

Parents and/or carers are kept up to date with their child's progress and development. The progress check and EYFS profile helps to provide parents and/or carers with a well-rounded picture of their child's knowledge, understanding and abilities.

7. Safeguarding and welfare procedures

We promote good physical and mental health and well-being in the early years by talking to children about:

- The effects of healthy eating habits including healthy drinks
- The importance of brushing your teeth
- The value of sleep
- The importance of exercise

We follow [statutory guidance](#) for safety around supervised tooth brushing.

The rest of our safeguarding and welfare procedures are outlined in our safeguarding policy.

8. Monitoring arrangements

This policy will be reviewed and approved by Headteacher every two years.

At every review, the policy will be shared with the governing board.

Appendix 1. List of statutory policies and procedures for the EYFS

Statutory policy or procedure for the EYFS	Where can it be found?
Safeguarding policy and procedures	See child protection and safeguarding policy
Procedure for responding to illness	See health and safety policy
Administering medicines policy	See supporting pupils with medical conditions policy
Emergency evacuation procedure	See health and safety policy
Procedure for checking the identity of visitors	See child protection and safeguarding policy
Procedures for a parent failing to collect a child and for missing children	See child protection and safeguarding policy
Procedure for dealing with concerns and complaints	See complaints policy
